Comments included:

- HIAC gives me time for respite and to do other things for myself.
- Thank you for all you do! Mom is always happy when I pick her up!
- HIAC definitely meets our needs in support of mom’s day care. Also, in knowing that mom is in a safe and nurturing environment where, although limited because of her blindness, she can socialize and participates in activities with other seniors and staff. The staff are the ones that make HIAC the excellent program that it is. We are blessed and appreciate HIAC in our community!!
- Thank you for what you do! HIAC is a lifesaver for both the participant and the family/caregiver!
- Breakfast, lunch & snack is such a blessing! It’s difficult enough getting the ready in the morning – so serving breakfast is a life saver.
- A huge “thank you” to the staff when we drop mom off. At first, she was upset about going and after the first few weeks, she feels a little better about going.
- It provides respite for the family of our loved one. We have peace of mind knowing she is safe and cared for. Center is clean & beautiful.
